Scope of Advice - Independent Advice

We will only provide advice and make a recommendation to you having fully assessed your financial needs and objectives. This means that we will spend some time discussing with you: what you want to achieve financially and see if the advice and services that we offer are going to be appropriate to address them.

It is important to us that you fully understand how we go about doing this, so please do ask us for more detail if anything is unclear to you.

Our Investment Proposition

We have constructed an investment proposition that has been designed over time to meet many of our client's needs. Often our clients share common characteristics in terms of their financial circumstances and financial objectives.

It is important to note that we have chosen to work with these parties because they offer products that are from across the whole of the market and are not selected unless they meet a rigorous selection process.

Where our investment proposition is not going to be suitable to meet your needs, we will look outside of this to find a bespoke solution that will.

Financial Products

In respect of the financial products that we use, we do not restrict ourselves to certain types of products. We will look across a range of products which are called Retail Investment Products, we will also look at Cash ISAs, National Savings Products and structured products as well. We use research tools to select these products using criteria set to meet your needs and will not use pre-determined lists or only a small range of preferred providers. We aim to find the right product to meet your needs on each and every occasion.

Product Providers

In respect of the product providers that we use: we do not restrict our advice to certain companies. Instead, we use research tools to help us find the company that provides the right products to meet your needs.

Non-Investment and General Insurance Permissions

Moneyweb Limited is permitted to advise on and arrange (bring about) deals in non-investment and general insurance contracts. We are an insurance intermediary and act on behalf of clients and not insurers.

Non-Investment and General Insurance Services

We offer a personal recommendation on the basis of a fair and personal analysis of the market.

Conflicts of Interest

We have a legal and regulatory obligation to take all appropriate steps to identify and to prevent or manage conflicts of interest from arising. In the event of any of our business interests or activities creating a potential conflict of interest we will ensure that we take all appropriate steps to manage the potential conflict by maintaining robust systems, controls and staff training. In the unlikely event that we are unable to prevent the potential conflict, we will fully disclose to you, the general nature and/or sources of conflicts of interest and the steps taken to mitigate those risks.

Further details of our conflict-of-interest policy are available upon request.

Best Execution

It is our policy to transact your business in order to achieve the best possible results in terms of the:

- price of products, providers and services

Complaints and Compensation

Complaints

If you wish to register a complaint, please contact us in writing at the address at the front of this agreement or telephone us on **01723 378234**.

If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service.

<http://www.financial-ombudsman.org.uk>.

Compensation Arrangements

We have briefly set out some information about the Financial Services Compensation Scheme (FSCS) below. If you would like further information about compensation scheme arrangements, details are available at: www.fscs.org.uk or call **0800 678 1100**.

Most of the products we advise on are covered by the Financial Services Compensation Scheme (FSCS). You may be entitled to compensation from the scheme if product providers or we cannot meet our obligations. This depends on the type of business and the circumstances of the claim. The actual level of compensation you receive will depend on the basis of your claim. The FSCS only pays compensation for financial loss. Compensation limits are per person per firm, and per claim category.

Investment

Most types of investment business are covered for 100% of the first £85,000 per person per firm, so the maximum compensation is £85,000 per person per firm.

Deposits

Money in accounts like current and savings accounts, including cash Individual Savings Accounts (ISAs) are covered up to £85,000 per authorised firm (£170,000 for a joint account). It should be noted that 'authorised firms' may have different brands. The FSCS will provide a £1million protection limit for temporary high balances held with your bank, building society or credit union if it fails. A temporary high balance would apply when payments have been received in respect of specified life events, details of which can be obtained from FSCS.

Protection, non-Investment Insurance mediation.

Protection is at 100% without limit, where the claim is in relation to a long-term care insurance contract that is a pure protection contract, or the claim is in respect of a liability subject to compulsory insurance.

In all other cases: 90% of the claim without limit.

you have agreed to this method of payment, and we shall ask you to confirm this in our letter of engagement for onward transmission to the provider. Client Service Proposition

Level of Service

The firm has created a client service proposition to ensure that our clients obtain the level of service they desire.

There are three levels of service “Evolution”, “Light Touch” and “Pay As You Go”

Evolution

Our Evolution service level gives you unlimited priority access to a dedicated adviser and their support staff, annual and six-monthly reviews arranged by your adviser, personal file management and advice and support.

The on-going costs that apply to the Moneyweb Evolution service proposition are charged at a percentage of the value of assets under advice. The charges are calculated once a year at your agreed annual review date and are based on the value of your investable assets at that time.

The actual fee charged will vary depending upon how the investment performs and it will increase as the fund grows.

We will provide you with information regarding the costs at least annually to help you understand the overall cost and the cumulative effect on the return of the investment.

Our ongoing service option incorporates a periodic suitability review of the investments we have recommended, this is to ensure the original recommendation remains suitable. This periodic assessment will be completed at least annually, however, the frequency may be increased when taking into account your risk profile and the types of financial products that have been recommended.
